

MONTENEGRO
AGENCY FOR ELECTRONIC COMMUNICATIONS
AND POSTAL SERVICES

Pursuant to Articles 8, 9, 19 and 62 of the Law on Electronic Communications (“Official Gazette of Montenegro”, No 50/08, 53/09-14 Art. 21, 70/09, 40/10-5 Art. 11 and 49/10) and the Radio Frequency Spectrum Allocation Plan (“Official Gazette of Montenegro”, No 42/10), the Council of the Agency for Electronic Communications and Postal Services, at its session of 02. 02. 2011 made the following

DECISION

**on the conditions for the use of radio frequencies from the band
1710-1785/1805-1880 MHz for the provision of MCA services**

1. It is allowed to use radio frequencies from the band 1710-1785/1805-1880 MHz for the provision of Mobile Communications services on-board Aircraft (MCA services) flying over the territory of Montenegro at altitudes over 3000 m.
2. Radio frequencies from point 1 hereof may be used without an authorization if the system for the MCA services on-board aircraft has been authorized by the administration of the country in which the aircraft is registered and if the system meets technical and operational conditions prescribed by ECC/DEC/(06)07 and ETSI standard EN 302 480.
3. The system for the MCA services on-board aircraft must not cause harmful interferences, nor can it require protection from any other radio-communication system for which the corresponding authorization has been issued.
4. Any regulation which refers to flight safety will have prevalence over the application of this decision.
5. This decision comes into force on the day of its adoption.
