

The clarification of Tender documentation no. 0102-2741/6 from 20th May 2015, according to the request received by email from 29th May 2015, at 16:00 PM

Question 1: On page no. 6 we found the requirement for the winning bidder to provide a "performance guarantee" before concluding the contract. We'd like to ask for a detailed description of that performance guarantee regarding content, scope, timeline and formal criteria.

Answer to question 1: It is a bank performance guarantee, in the amount of 5% of the contract value with the validity of the 30 days longer than the execution of the contract given by Tender documentation. As explained on page 45 of Tender documentation, under "Common conditions for the guarantee of the bid and sources of contract financial securing", the guarantee must specify the number and date of the tender documentation relevant to the bid, the amount on which the guarantee is given, and that is unconditional and payable on the first call of the Contracting Authority after the occurrence of reasons to which it relates.

This clarification is part of the Tender documentation.
